## Summer Heat!

We have had a wonderful start to the season. It is hard to believe that it is already mid-July. We have welcomed a few new families to the club and despite the high temperatures of late, the club has been active.

As I write this, we are finally getting some much needed rain. Paul Van Buren and his team have done a tremendous job keeping the turf healthy and creating a great playing experience despite the drought.

As mentioned at our Spring Cocktail Party, our roads and parking areas will be redone in mid-August which should only take 2 days to complete. A date will be finalized soon.

Please see below a recap of our May/June events, upcoming Member-Guest, weekly playing opportunities, member hole in ones and a list of new members.

I look forward to seeing you all soon,  
Lance

## Practice Range Housekeeping

Please be aware that the area beyond the lower right (100 yards) target green lies Dover Creek which runs in front of hole #1 and down the length of #2 begins just beyond that target. Balls entering that creek on the practice range are not retrievable this time of the year. When practicing hitting the ball 120-130 yards please aim towards the left target greens to avoid this area.
